

**CA5111 - Programming in Python Laboratory**  
**Total Marks = 25**

**Lab Test I - Evaluation Rubrics (Jan 2021)**

Question #	Mark	Weightage	Excellent 5	Good 4	Fair 3	Poor 2	Very Poor 1	Not attempted 0
Question 1	1	4%	All requirements given in question are satisfied; program executed properly for all test cases	Few requirments given in question are not satisfied; program executed properly only for few test cases	Program logic partially correct; but program executed without error for atleast one test case	Program logic partially correct; syntax error;	Partial Coding; syntax error	Not coded
Question 2	2	8%	All requirements given in question are satisfied; program executed properly for all test cases	Few requirments given in question are not satisfied; program executed properly only for few test cases	Program logic partially correct; but program executed without error for atleast one test case	Program logic partially correct; syntax error;	Partial Coding; syntax error	Not coded
Question 3	3	12%	All requirements given in question are satisfied; program executed properly for all test cases	Few requirments given in question are not satisfied; program executed properly only for few test cases	Program logic partially correct; but program executed without error for atleast one test case	Program logic partially correct; syntax error;	Partial Coding; syntax error	Not coded
Question 4	4	16%	All requirements given in question are satisfied; program executed properly for all test cases	Few requirments given in question are not satisfied; program executed properly only for few test cases	Program logic partially correct; but program executed without error for atleast one test case	Program logic partially correct; syntax error;	Partial Coding; syntax error	Not coded
Question 5	5	20%	All requirements given in question are satisfied; program executed properly for all test cases	Few requirments given in question are not satisfied; program executed properly only for few test cases	Program logic partially correct; but program executed without error for atleast one test case	Program logic partially correct; syntax error;	Partial Coding; syntax error	Not coded
Question 6	5	20%	All requirements given in question are satisfied; program executed properly for all test cases	Few requirments given in question are not satisfied; program executed properly only for few test cases	Program logic partially correct; but program executed without error for atleast one test case	Program logic partially correct; syntax error;	Partial Coding; syntax error	Not coded
Question 7	5	20%	All requirements given in question are satisfied; program executed properly for all test cases	Few requirments given in question are not satisfied; program executed properly only for few test cases	Program logic partially correct; but program executed without error for atleast one test case	Program logic partially correct; syntax error;	Partial Coding; syntax error	Not coded
